## Hear it from customers

how whitelion helped them automate their daily  
life with smart home solutions.

**KAMLESH PATEL** (Director - SAP India) Mumbai

Whitelion - Switch to Touch, the best experience of touch as an end user. In today's world where customer centricity is prime important, Whitelion team sets the perfect example of Customer Touch. Very Happy on the decision of moving ahead with Whitelion. As a happy customer I give full marks to:

1. Customer Experience & Service
2. Product Easy Installation
3. Product Ease of Use

**SAHIL** (Euro india pvt ltd.) Surat

I got my hands on Whitelion switch and now after using it I just cannot think of a reason to not purchase this. Not only it is easy to use but it indeed has made life much easier with its innovative tech specs. They have excellent customer service. Technicians would guide you thoroughly with installation and it's usage. This luxury product should be on your purchase list if you are looking for ways to make your home or work space a smart one.

**MANISH CHOKSI** Surat

Living in a dynamic world we come across such innovation in switches which are user friendly and ergonomically convenient. Whitelion also having colour options to suit every interior style.
